

# Ceded Reinsurance Processing and Collections Services

---

In spite of the size and importance of their ceded reinsurance asset, carriers often lack sufficient resources and have inefficient and manual processes for managing the ceded reinsurance function.

## Offer automated ceded reinsurance solution at a fraction of the cost

Equipped with “effective but inefficient” ceded reinsurance administration, companies face challenges securing the funding to purchase a professional reinsurance system to allow for improved controls and processes for identifying and recording ceded reinsurance.

At a fraction of the cost of licensing, implementing, and maintaining a professional reinsurance system and team, Inpoint can contribute to your success by delivering expertise in these areas:

- Provide an industry leading hosted ceded reinsurance system at a fraction of the cost for a company to license directly
- Deliver services tailored to a carrier’s specific needs
- Offer statutory accounting and reporting services
- Access to experienced industry professionals for emerging issues and industry best practices
- Scalable resources to meet your evolving business needs including the utilization of fractional resources to improve cost efficiency

## We’re here to empower results

## Global reach to assist with complex and overdue collection issues

Inpoint brings the global relationships and contacts for quickly engaging “hard to contact” markets in collection discussions. Our collection services include working through historical reconciliations to secure collection of valid open balance. Our fees are contingency based; we only get paid when you get paid. Inpoint has a proven track record in saving our clients hundreds of thousands in bad debt write-offs.
