

Dear Prospective Aon Supplier:

Aon strives to create a culture that values partnerships with diverse suppliers. We recognize in today's global marketplace, diversity and inclusion is a key component of our ability to provide industry leading solutions to our clients. Our supplier and business diversity platform, Aon Diversity Solutions (ADS), promotes the inclusion of diverse-owned businesses as a critical component of our strategic sourcing and business development initiatives.

To ensure that Aon colleagues are informed of the unique solutions your business offers, we invite you to set up a company profile in our registration portal by visiting <http://aon.cvmsolutions.com>. Information provided will be available to our procurement and ADS business development teams for consideration. Should an opportunity arise within the firm, you will be contacted by one of our project stakeholders. In addition, we are interested in learning how we can support your go-to-market strategies.

To successfully complete the registration process, please make sure you include a copy of valid certification(s) **and** complete **all** of the mandatory fields. Registering as a diverse supplier does not guarantee you will obtain a sourcing project with Aon. However, completing the registration process will help our firm learn more about your capabilities.

Should you experience difficulty during the registration process, please feel free to contact CVM Solutions by sending an e-mail to [aonsupport@cvmsolutions.com](mailto:aonsupport@cvmsolutions.com). For additional information regarding Aon Diversity Solutions, please direct your inquiries to [diversitysolutions@aon.com](mailto:diversitysolutions@aon.com).

On behalf of Aon, thank you for your interest in doing business with our firm and we wish you continued success.

Sincerely,

Aon Diversity Solutions Team
