Material information is information that would influence an insurer in deciding whether a risk is acceptable and, if so, the premium, terms and conditions to be applied. Insurers cannot avoid or repudiate claims for the cover required under the minimum terms, but if they later find you have not disclosed something material they may charge an additional premium or, in the event of prejudice, seek recovery of the claim from you. For claims above the statutory minimum limit, failing to disclose such information could result in the policy being rendered void so that that claims would not be paid.

All material information must be disclosed to insurers to enable terms to be negotiated and cover arranged. This is not limited to answering specific questions that may have been asked in this proposal form. Any changes, which may occur or come to light after a quotation has been given, must also be notified.

To ensure the cover is not prejudiced, please refer to your broker if there is any doubt as to what information needs to be disclosed.
