

Welcome

As the medical malpractice insurance market continues to be challenging for healthcare organizations, Aon/ASHRM is requesting input via this interim survey on your healthcare organization's medical professional liability (MPL) insurance program. We believe the information obtained through this questionnaire will provide healthcare organizations with additional insurance buying information that is particularly useful for business planning and budgeting purposes. The results will be published later this year in our 2021 Aon/ASHRM Hospital and Physician Professional Liability report.

Please take 10 minutes to aid us in gathering this information via this brief questionnaire. Note: Individual participation is kept confidential and statistics are presented on an aggregated basis.

We appreciate you taking the time to take this brief survey and assisting us in gathering additional key data about the medical malpractice insurance market.

We will release the data call for participating in the 2021 benchmark report towards the end of this month.

Thank you,

The Aon HPL Benchmarking Team
